

**Hospital Report December & January**  
**Karen Johnson Hospital Chairman**

Tis the season to be generous in your donation to the VA Hospitals and nursing home. If you don't have the VA near you contact a nursing home in your area and see what they need. Call a VA representative and see what they need. This is the time to have a party, play bingo or just have a visit and bring them a little present or Christmas card. Some of our veterans don't have family; Thanksgiving and Christmas can be a very lonely time of the year for them. This is where we as volunteers can make a huge difference. It is wonderful to look at the joy on their faces as they open presents. They appreciate everything they get. The most important part is making a difference in a veteran's life.

Merry Christmas to all and a Happy New Year
