

Legislative 2024-2025

My goal this year is to get 75% of our auxiliary members to sign up for Action Corp and Voter Voice. There is power in numbers. Imagine all our voices, letting our legislators know, they need to pass VFW backed Veterans Bills. I have cards with the QR code printed on them. Please take them and spread the word. Pass them out to all our members, family and friends. After signing up, it is an easy click on the link to send your representatives messages supporting a bill.

Speaking of representatives, Wisconsin has new district maps. Important primary voting is **August 13th**. The voter turnout on primary's has been shamefully low in the past. Get out and vote for your veterans. Wear the printable stickers available on MALTA proudly.

It is also very important to work with our local government. For example, in Green Bay, land was donated for Tiny Homes for Veterans. When opposition arose, VFW members went to the City Council Meetings and advocated for the project. Ultimately, winning the approval. Organization Veterans 1st will be putting up those homes.

Jordan Tilleson, The Wisconsin VFW Legislative Chairman, has invited me to sit in on the next Microsoft meeting on July 15th. I will be sharing all I learn from that meeting. Those of you who met him at the Convention, heard how passionately he supports the Voter Voice program. Please raise our numbers by getting all our Veterans Supporters to sign up.

Thank you,
Debbie Nackers
