

NOVEMBER 2025 - LEGISLATIVE

Here's **Congressional Bill** running through the halls of Congress, hoping to become a LAW. This is the path Bill must take to succeed:

1. Be proposed by a member of Congress.
2. Go before committee for discussion and revision.
3. Voted on by one chamber (House or Senate).
4. If passed, go to the other chamber.
5. If passed by 2nd chamber, go back to the 1st to be voted on again with any edits.
6. If both chambers vote to pass, go to the White House to see the president.
7. If the president signs, Bill becomes Law. If president vetoes (does not sign), then its back to Congress which can vote to override the veto, then Bill becomes Law.
8. If Congress does not override the veto, then Bill is finished.

Want to help Congressional Bill? Check Action Corp to see if Bill is VFW-supported. Send an email to your congressional representatives to urge them to support Bill.

Once Congressional Bill becomes a LAW, remember to **GIVE THANKS** to your representatives for their support of our veterans.

Send a follow-up email (or note) – your legislative chair can provide you with the text you can use.

Planning is underway for the inaugural **VFW Department of Wisconsin Auxiliary Legislation Day: On the Homefront**. This dialogue between federal legislators and families of combat veterans living in Wisconsin will focus on VFW Legislative Priorities and is tentatively scheduled for the end of March 2026. Look for more information on how you can voice your support and your concerns directly to your representatives.

Despite government shutdowns and delays, our veterans need our support.

Best Wishes for a peaceful, healthy Thanksgiving and Indigenous Peoples' Day.
